

CROSBIE LORIMER - MANAGER NSW LANDSCAPE ARCHITECTURE

Crosbie Lorimer is the NSW Manager of CLOUSTON Associates, having been a practising Landscape Architect since 1979. His professional career commenced in the public sector in Germany before joining CLOUSTON in the UK in 1982 and becoming an Associate of CLOUSTON in 1985. In 1989 Crosbie joined CLOUSTON Associates in Sydney and became a Director of the company in 1995.

With 30 years in practice he has experience in the delivery of complex, multi disciplinary projects across landscape design and strategic landscape planning. His specific expertise includes:

- Recreation and open space planning with significant state and local government experience across NSW, Queensland and the NT
- Waterways and foreshores planning and design, including masterplanning and strategic planning for harbours, rivers, lakes and creeks
- Stakeholder participation including being the only NSW accredited facilitator for the internationally renowned Spaceshaper consultation program, licensed by CABE Space in the UK
- Walkability and Active Environments planning including development of the P2P Policy to Pavement Model jointly developed with consultants in SA and Victoria
- Visual Impact Assessment, including 20 years experience as an Expert Witness in the NSW Land and Environment Court
- Quadruple Bottom Line (QBL) planning specifically in the area of water quality management and Water Sensitive Urban Design (WSUD)
- Fellow of the Australian Institute of Landscape Architects and convenor of the annual seminars for the NSW professional practice exam applicants since 1992
