HAMISH STEPHENS - GRADUATE ARCHITECT

Hamish joined CLOUSTON Associates in January 2017, returning to Darwin after graduating with a Bachelor of Design majoring in Architecture from the University of Western Australia. He brings an attentive and enthusiastic approach to our firm.

Hamish has thrived in generating detailed technical drawings and visually appealing graphics in projects throughout his university and professional life. Having grown up in Darwin, he is familiar with the unique lifestyle and challenges of the Northern Territory in both urban and remote environments. Being a local, Hamish greatly values the opportunity to collaborate with colleagues and clients to create innovative spaces around the Territory.
