

KATHERINE WEBSTER - LANDSCAPE ARCHITECT

Katherine joined CLOUSTON Associates in 2018 with a Bachelor of Landscape Architecture (Hons) from UNSW, and a Bachelor of Business from UTS. She has experience working in landscapes at all scales, from private gardens to the wider public realm. Her career spans both the public and private sector, including working for the Mayor of London, Bates Landscape and the City of Ryde.

At CLOUSTON Associates, Katherine has managed open space strategies, masterplans, landscape character studies, visual impact assessments, cost benefit analysis studies and community and stakeholder consultation. With a passion for open space and recreation projects, Katherine enjoys reimagining the public domain for all generations.
