

DAVID PEARCE - PRINCIPAL LANDSCAPE ARCHITECT

Principal Landscape Architect David Pearce re-joined CLOUSTON Associates in October 2024 after 14 years period working in the ACT and regional NSW. David has over 16 years professional experience as a Landscape Architect working on projects in both the public and private sectors. Before re-joining CLOUSTON Associates, David lead a firm with offices in Wollongong, Canberra and Melbourne on projects across NSW, ACT and VIC. David's project experience extends across a wide range of projects including public parks, residential subdivisions, high density residential developments, commercial developments, infrastructure projects and public domain / open space projects.

David has extensive experience in concept design, design development, tender and construction documentation and has experience in delivering projects from inception to completion.

David has over 19 years experience with AutoCAD and is able to utilise 3D modelling to compliment the design process.

David resides in the Wollongong office and demonstrates professionalism and innate sense of responsibility in all aspects of his work – from project management, client relations, project work and staffing support so that projects are of a high quality and delivered on time.
