

## KATHERINE WEBSTER - LANDSCAPE ARCHITECT

---

Katherine joined CLOUSTON Associates in 2018 with a Bachelor of Landscape Architecture (Hons) from UNSW, and a Bachelor of Business (Marketing and Finance) from UTS. Her career spans both the public and private sector in Sydney and London, including prior work in the finance industry, for the Mayor of London, at Bates Landscape and the City of Ryde.

At CLOUSTON Katherine manages the strategic planning and design of open space networks and corridors, concept plans, masterplans, tourism destination plans, green infrastructure studies, landscape character studies and cost benefit analyses.

She has a strong familiarity with the landscapes of Sydney and regional NSW, underpinning her work with extensive community, industry and stakeholder consultation. Katherine's background in business has equipped her to manage and deliver projects calmly and efficiently.
