

## JENNIFER WU - GRADUATE LANDSCAPE ARCHITECT

---

Jennifer is a Graduate Landscape Architect who completed her Bachelor of Landscape Architecture degree (Honours) in 2022 at the University of New South Wales. She joined CLOUSTON Associates as a Student Landscape Architect in March 2022 and has worked on Landscape Architecture projects across Sydney including residential, commercial, public domain and open spaces.

Whilst working with CLOUSTON, Jennifer has gained knowledge and experience through assisting on the development of a variety of projects and stages of the design process. Her work spans from report preparation and research, through to documentation packages and visualisations. She is skilled in hand and digital graphic representations and is proficient in the use of AutoCAD, SketchUp 3D modelling and the Adobe Creative Suite, including Photoshop, InDesign, and Illustrator.
