

LEI ZHENG - SENIOR LANDSCAPE ARCHITECT

Lei is a Senior Landscape Architect with a Master's degree in Landscape Architecture. She has more than six years practical experience delivering a wide range of projects at different scales including public parks, residential buildings, urban design, master plan, public realm and open spaces.

Lei has the ability to undertake all stages of landscape projects, including site analysis, concept design, design development, detailed design, and construction documentation and tender phase services. She can project manage and undertake daily project coordination with clients and other discipline consultants. She is skilled in the use of CAD, 3D modelling and Adobe Creative Suite, including InDesign and Photoshop.
