

ZIYI (ANGEL) YAO - PROJECT LANDSCAPE ARCHITECT

Angel joined CLOUSTON Associates in February 2021, having completed her Master of Planning from the University of Technology Sydney in 2020 and Bachelor of Landscape Architecture (Hons) from the University of New South Wales in 2018. Angel previously gained experience working in a builder company as an associate landscape architect before joining CLOUSTON.

Since becoming a full-time employee, Angel has gained experience in site analysis, design concept development, development applications, open space strategy documents and construction documentation packages.

As a planning master, Angel also has a clear understanding of environmental planning law and relevant local government regulations and policies. Her background in landscape and planning allows her to work on numerous projects from strategic and planning phases through to construction documentation.
